Kindergarten Staggered Start Information

What is Kindergarten Staggered Start?

Staggered Start provides an opportunity for the kindergarten teacher to work with a very small group of students each day to teach rituals and routines as well as ensure students are comfortable with their environment before introducing them to the entire class.

How does this work?

Kindergarten families will be assigned one day during the first four days of school. The students only attend their one assigned day and then all students attend together for the first time Friday, August 14.

When will our family be assigned our Staggered Start date?

Assigned dates will be sent via Parent Square on July 23. This will allow families to have ample time to plan for childcare if needed for the days their student will not attend that first week of school. If a student is registered after the notifications go out, we will communicate directly with newly registered families with their assigned staggered start date.

We look forward to meeting our Kindergarten Tigers in August.

Gratefully together,

Your proud MOA Administration Team
